

CC Series

Vacuum Pump

The economy CC Series of vacuum pumps are a great range when price is a major consideration. Available in a wide range of capacities, the CC Series of vacuum pumps are ideal for light duties in refrigeration, automotive, domestic and small commercial applications where typical evacuation times are less than one hour.

Available in four models, these 2 stage oil sealed vacuum pumps have an ultimate vacuum of 25 microns and feature an oil demister to reduce oil spillage. All pumps come with a removable tri-connector suitable for 1/4 SAE, 3/8 SAE and 1/2 ACME flare.

The economy CC Series is great value, offering additional features including an integrated oil pump, built in adjustable gas ballast to assist with pumping vapour, a fan cooled motor, the ability to sustain ultimate vacuum and anti-skid rubber feet to ensure minimum movement.

The CC Series of vacuum pumps are manufactured to JAVAC's quality standards. They are a low maintenance unit, with all servicing and warranty repairs completed at JAVAC's service centre located in Knoxfield Victoria.
